

Why do mines need to be safe? Safety is irrelevant compared to profits and contributions. Besides, why would anyone care about miners?

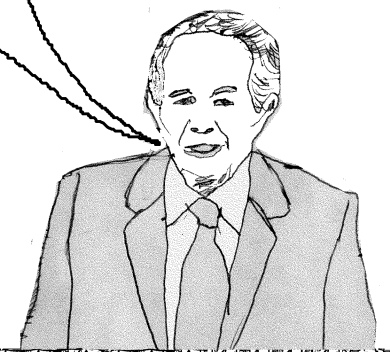

Oops. Well you can't blame me just because a bunch of miners can't hold their breath. In a few days, people will have forgotten all about it.

Rabbi, what do you mean you don't believe in Al Qaeda? You must be an anti-Semite.

And to those people in intensive care tonight, I have special divine knowledge that God put out a hit on you because you were too soft on those I want to exterminate.
